

**VIRA MARINE**  
YOUR INDEPENDENT SERVICE PROVIDER

A large ship is being constructed in a dry dock. Two massive cranes are positioned on either side of the ship, with cables extending towards it. The ship's hull is dark, and its superstructure is white. A Turkish flag is visible on the ship's mast. The dock floor is a reddish-brown color, and several workers in hard hats are visible. In the background, a city and a body of water are visible under a clear blue sky.
